Your student's school has additional health services available through **Anchorage School Based Health Centers (ASBHCs)**. These optional services are administered through a partnership with the Anchorage School District (ASD) and ASBHC to provide medical care AT school to keep students healthy and IN school. **PARENT CONSENT IS REQUIRED BEFORE ANY SERVICES ARE PROVIDED.** 

Services available include comprehensive and age appropriate care similar to what is provided in a pediatric or family medicine office, such as

- Acute illness and infection
- Injury assessment, treatment, and/or referral
- Physical exams\*^
- Behavioral health services are available for a limited number of students when referred by a medical provider or school staff

*\*An annual physical exam – completed at school or from a healthcare provider in the community - is required for all students who participate in a school sport. More information can be found at <http://www.asdk12.org/activities/>*

*^If a physical is completed at school, insurance will not pay for another one at your regular doctor until the next calendar year.*

Services are provided by licensed healthcare providers such as physicians, advanced nurse practitioners, and physician's assistants. All families are encouraged to have a medical home and ASBHC will coordinate with your child's private health care provider for any services received at school. Using the ASBHC is convenient for parents, who do not need to worry about taking time off work or arranging transportation to take their child to the doctor. Health concerns are communicated to parents and students are encouraged to discuss their health with their parents. Parents should be aware that any adolescent can legally and confidentially access other care with other providers in the community, for "diagnosis, prevention or treatment of pregnancy, and for diagnosis and treatment of venereal disease;" Alaska Statute Sec. 25.20.025.

Clinics are located in or near the school nurse's office. These services are in addition to, and in conjunction with, the school nurse. For emergencies, *911 will always be called for serious conditions.*

Although ASBHC services have a fee, we serve families regardless of ability to pay and we discount services based on income and family size. ASBHC will submit bills to insurance, including Denali KidCare for physical exams and treatment of minor illnesses/injuries and other health services provided.

**Please complete ALL grey areas on these forms and return the forms to the clinic/nurse's office.**
